

Giorgi Didberidze - Computer Science MSc Major

(+36) 703193039 - gigididberidze01@gmail.com - [LinkedIn Profile](#) - [GitHub Profile](#)

WORK EXPERIENCE

Bliss Travel Georgia

- Co-Founder and Website Developer**

[10/10/2022 - Current]

The website www.blissttravelgeorgia.com was developed by me, and I am currently dedicated to improving its SEO while also continually developing new features for the agency.

TalentLabs

- Data Analytics Mentor** [19/09/2022 – Current]

Modules I am currently guiding:

Introduction to Data Analytics, Statistics for Data Analysts, Data Analytics with Python, Hands-on Data Analytics Project, Predictive Analytics Essentials, ETL and Data Warehouse

- Python Coding Instructor** [06/2021 – 03/2022]

Teaching Introduction to Python course (Theoretical and Practical parts)

Ericsson

- Student Software Developer** [07/2021 – 11/2022]

Name of department: BDGS RDPS AT Technology & Innovation

Tasks: 5G UPF, Compilation of PCG/PCC, Data Analytics (UT/FT), Application performance analysis/improvement, Testing Automation, RISC-V ISA inspection, Working with time-series databases (InfluxDB).

Languages used: Python, C, C++

WBS

- NLP Researcher** [12/06/2022 – 16/09/2022]

Conducting AI research in Natural Language Processing about open text generation and Q&A models.

EDUCATION

Computer Science MSc - Eötvös Loránd University

[12/09/2022 - Current]

Data Science Specialization

Full Scholarship Holder – Stipendium Hungaricum 2022/2023

Computer Science BSc – University of Debrecen

[07/09/2019 – 30/06/2022]

Final grade: 4.23/5

Thesis: Discovering technical properties and software-economy readiness of RISC-V architecture

Full Scholarship Holder – Stipendium Hungaricum 2019/2020

PUBLICATIONS

Discovering technical properties and software-economy readiness of RISC-V architecture [09/05/2022]

Supervisors:

Dr. Adamkó Attila Tamás – Associate Professor

Dr. Zsigmond Pap – System Manager, Ericsson Hungary

<http://hdl.handle.net/2437/332277>

LANGUAGES

Mother tongue(s): Georgian

Other language(s): English – Fluent, Hungarian – Beginner

SKILLS

Web Development – Python (Django, Flask) / JavaScript (React, Node) / TypeScript Basics / JSON / REST / XML / DTD / Security Issues - SQL Injection / Authentication From Scratch / XSS / Web application development / HTML / CSS

Database Systems – Relational Databases: SQL / NoSQL databases (MongoDB, Redis) / Influxdata (InfluxDB, Telegraf, Graphana) / Cloud Databases / Flux query language

Automation Engineering – UT/FT / Ctest / Google Test / Selenium / CI/CD pipeline and integration of test automation / Jira / Agile development methodologies / Jenkins

Data Science and Machine Learning – Natural Language Processing / Big Data / Model Deployment / Applied Statistics / Data Modeling / Jupyter Notebook / Data Gathering, Data Processing, Data Visualization, Data Analysis / Maps and Geocoding / QGIS / Deep Learning / Microsoft Power BI / TensorFlow / PyTorch

Networking – CCNA Routing and Switching: Routing and Switching Essentials / Network and computer security

Operating Systems – Linux / Windows

Other(s) – Foundations of Artificial Intelligence / CMake / Docker / Kubernetes / Bioinformatics / QEMU

HONOURS AND AWARDS

Hackatom Hungary Winner [30/04/2021]

Tasks completed: Data Analysis for Results of Ultrasonic Testing of Welded Joints at a Nuclear Power Plant Prediction of electric power consumption by a nuclear power plant.

<https://www.youtube.com/watch?v=-q3IG94-WPQ>

(My interview starts at 02:34)

GreenTech Hackathon Winner [02/04/2021]

Challenge: Top Dutch Solar Car Racing - Creating and implementing a strategy to optimize the solar car performance.

PROJECTS AND TRAININGS

Fundamentals of Deep Learning for Computer Vision - NVIDIA Deep Learning Institute [07/2021 – 07/2021]

Certificate ID Number: 55756fa14b234952b2e5ea80c40fc7f

SQL and Relational Databases - BIG DATA UNIVERSITY

Introduction to SQL and Relational Databases, Relational Model Constraints and Data Objects, DDL and DML, Advanced SQL, Working with multiple tables.

RISC-V Summit 2021 [06/12/2021 – 08/12/2021]

Each year the RISC-V Summit brings the community together to show the power open collaboration can have on the processor industry.

The Web Developer Bootcamp 2021 – Udemy

Covering Full-Stack Web Development Topics.

Introduction to Networks - Cisco Networking Academy

[07/02/2020 – 21/05/2020]

Certificate and letter of merit can be found [here](#).

Building Robots with TJBOT - Cognitive Class (Powered by IBM Developer Skills Network)

Certificate ID Number: 8861063c209e45e2b02528813ebe2f75
